Paul Mitchell The School Temecula

MAKE-UP WORK

Students must complete all required assignments and tests during their scheduled time. There is no guarantee for makeup time. Makeup time refers to attending school outside of a student's schedule, therefore obtaining additional hours. On occasion, the school may schedule events or classes outside the student's scheduled hours, but this may be rare to none. Students must sign up for these scheduled events ahead of time and obtain approval from a Future Professional Advisor or Education Leader to attend. Availability of makeup time is at the discretion of the school.

To accommodate students, makeup testing times are available during a student's scheduled time. Please see the Education Leader for availability.
