ESTHETICS COURSE OVERVIEW

Course Hours: 600 clock hours

The course is divided into pre-clinical classroom instruction and clinical service learning experiences.

- **Pre-clinical Classroom Instruction:** The first 190 hours are devoted to classroom workshops where students learn design principles, technical information, and professional practices.
- **Clinic Classroom Learning Experience:** The remaining 410 hours are spent in the clinic floor area where practical experience is gained.

ESTHETICS COURSE OUTLINE

Your time at Paul Mitchell The School Temecula for the esthetics program will be divided into four designations:

- **Core Curriculum:** This 190-hour time period is dedicated to exploring foundational knowledge and basic esthetics, facial, hair removal, and makeup procedures. You will receive individual attention in practical workshops, and you will complete monthly worksheets and periodic tests throughout the course. This is an intense and exciting portion of your experience.
- **Clinic Classroom Floor Learning Experience:** You will enter a new phase of specialty classroom workshops coupled with challenging practical services that will continue to build your skills as a future beauty industry professional.
- **Classroom Learning Experience:** During this phase of your learning, you will be introduced to guest speakers, prescriptive (Take Home) selling, motivation, self-improvement, body treatments, and emerging technologies. You will use your own technical and therapeutic abilities, coupled with the assistance of Learning Leaders, to provide service to service guests. You will make discoveries and learn relationship-building skills that will guide your success in this exciting, diverse field.
- **Creative Curriculum:** You will dress, act, and work like a true salon professional. You will use your own technical and therapeutic abilities, coupled with the assistance of Paul Mitchell The School Temecula Learning Leaders, to prepare for your future beauty industry career.

ESTHETICS PROGRAM TESTING AND GRADING PROCEDURE

The following tests and grading procedures are used to assess student learning and mastery of course content in the 600-hour course:

1. **Academic theory exams:** Student must receive a grade of 80% or higher on each assigned theory exam.
2. **Core written and practical:** Students must receive a grade of 80% or higher on each written exam and each practical skill exam in order to complete the Core program. The exams are an overview of instruction taught during the Core schedule. All Core written and practical skill exams must be passed with a 80% in order to transition to the Clinic Classroom. If students are unable to pass each exam after two attempts, the student may be asked to withdraw from the program and re-enroll in the next available Core class start date.
3. **Final written:** The written exam covers an overview of all theory instruction, California state law, and other items covered on the state esthetics exam. Students must receive a grade of 80% or higher on all final exams.
4. **Clinic Practical Skill Assessments:** Future Professionals progress in practical skill assessments and theory hours may be digitally monitored on a weekly basis by the Future Professional Advisor using the MyPortico app. All assigned practical skill assessments must be completed in order to complete the program.

ESTHETICS INSTRUCTIONAL TECHNIQUES AND METHODS

The Esthetics program is provided through a sequential set of learning steps which address specific tasks necessary for State Board preparation, graduation, and job entry level skills. Clinic equipment, implements and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative and productive career-oriented activities. The course is presented through well-developed lesson

plans that reflect the latest educational methods. Subjects are presented by means of lectures, demonstration, and student participation. Audio-visual aids, guest speakers, field trips, and other related learning methods are used in the course.
