Paul Mitchell The School Temecula

NAIL CARE COURSE INFORMATION

NAIL CARE COURSE DESCRIPTION

NAIL CARE: *SOC 39-5092.00, CIP Code: 12.0410*

The curriculum involves 400 hours necessary to satisfy California State requirements. All courses are taught in English. The course of study includes extensive instruction and practical experience in manicures, pedicures, massage, customer service, personal appearance & hygiene, personal motivation & development, retail skills, client record keeping, business ethics, as well as sanitation, California state laws & regulations, salon-type administration, and job interviewing.

**Students are prepared to be an entry level nail technician.*

This course is taught in English. Textbooks and Course Materials are taught in the English Language.

NAIL CARE COURSE OVERVIEW

Course Hours: 400 clock hours

The course is divided into pre-clinical instruction and clinical service learning experiences.

- **Pre-clinical Classroom Instruction:** The first 150 hours are devoted to classroom workshops, where students learn esthetic principles, technical information and professional practices.
- **Clinic Classroom Learning Experience:** The remaining 250 hours are spent in the clinic area where practical experience is gained.

NAIL CARE COURSE OUTLINE

Each student's time at Paul Mitchell The School Temecula Nail Care Program will be divided into four designations:

- **Core Curriculum:** This 150 hour time period is dedicated to exploring foundational knowledge and basic nails procedures and enhancements. You will receive individual attention in practical workshops, and you will complete monthly worksheets and periodic tests throughout the course. This is an intense and exciting portion of your experience.
- **Clinic Classroom Floor Learning Experience:** You will enter a new phase of specialty classroom workshops coupled with challenging practical services that will continue to build you into a confident skin care therapist.
- **Classroom Learning Experience:** During this phase of your learning, you will be introduced to guest speakers, prescriptive selling, motivation, self-improvement, body treatments, and emerging technologies. You will use your own technical and therapeutic abilities, coupled with the assistance of Learning Leaders, to provide service to guests. You will make discoveries and learn relationship-building skills that will ensure your success in this exciting, diverse field.
- **Creative Curriculum:** You will dress, act, and work like a skin care therapist professional. You will use your own technical and therapeutic abilities, coupled with the assistance of Paul Mitchell The School Temecula Learning Leaders, to prepare for your future beauty industry career.

The following tests and grading procedures are used to assess student learning and mastery of course content in the 400-hour course.

1. **Academic theory exams:** Student must receive a grade of 80% or higher on each assigned theory exam.
2. **Final written and practical:** The written test covers an overview of all theory instruction, California state law, and other items covered on the state esthetics exam. Students must receive a grade of 80% or higher on all final exams.
3. **Clinic Practical Skill Assessments:** Future Professionals progress in practical skill assessments and theory hours will be digitally monitored on a weekly bases by the Future Professional Advisor using the MyPortico app. All assigned practical skill assessments must be completed in order to complete the program.

NAIL CARE INSTRUCTIONAL TECHNIQUES AND METHODS

The 400 hour Nail Care programs are provided through a sequential set of learning steps which address specific tasks necessary for State Board preparation, graduation, and job entry level skills. Clinic equipment, implements and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative and productive career-oriented activities. The course is presented through well-developed lesson plans that reflect the latest educational methods. Subjects are presented by means of lectures, demonstration, and student participation. Audio-visual aids, guest speakers, field trips, and other related learning methods are used in the course.
